President's Message:

Dear PAL Members,

Here we are facing September already and getting ready to say good bye to summer. Also this month we are having our annual meeting, electing new officers and starting all over again.

I believe 2014 has been a good year for PAL and hope you feel the same. This will be my last presidential letter seeing someone else will be taking this position. I have enjoyed the last three years serving on the executive board and now will be stepping down, but will be continuing my membership and participation. This is a great organization for our community to come and learn and enjoy art. I hope it is your intention to maintain your membership and share your artistic gifting. I know we have lost some of our members since the time I started a few years ago, but I encourage you all to stay active and creative in PAL.

Thanks for your support.

Announcements

The Poulsbo Artist League annual potluck and business meeting is September 24, 2014. It starts at 12:30 so arrive a little early to get your dish on the buffet table. Shar Du Fresne, Treasurer asks you to pay your dues at the potluck or prior to the potluck.

The Vinland Lutheran Church has asked us to make sure to wash any coffee mugs or dishes we use and place them on the dishwasher rack, however it would probably be best to wash, dry and place where they belong in the cabinets.

ARTIST in the NEWS

Gustavo Silva Nuñez is an astonishingly talented artist from Valencia, Venezuela, who paints people in water with meticulous accuracy. He paints men and women in soothing and dreamy pools, tubs, and seas. His perfect mastery of shading and highlighting, as well as the water's swirls, bubbles, and distortion, makes the paintings look incredibly real. The artist pushes the boundaries between reality and painting even further by interacting with his paintings and playfully posing as if the people he painted were really there beside him.

Thank you Maggie Huft for sharing the info on this incredible hyper realistic painter. Here is a link to view more of his work <http://aplus.com/a/hyperrealistic-paintings-gustavo-silva-nunez>.
