President's Message

Happy New Year to ALL PAL Members! —

This is our 27th year which means that we have "done good" for quite a while. A testament to all past and present members; and especially to our previous club officers, who through their perseverance and enthusiasm, have kept our organization healthy.

Starting in January we will have classes/demonstration by members and invited non-member artists on the 4th Wednesday of each month. I will start us off with a class on Linear Perspective as applied to art, and touch on the always important subject of Value Sketches.

Elizabeth Haney will do with a demo/class on Collages in February. We will need volunteers to present subjects for additional classes. These will be presented in the "side room" so as to not to interfere with regular member activities of those not interested in the presentation.

So "talented people", please step forward and volunteer to do a presentation of your choice. I will listen to your idea...I promise. Thank you to Judy for a great demonstration in November on Yupo, the plastic paper.

The Christmas Luncheon was very successful thanks to Event Coordinators, Judy and Maggie. Judy was presented with a gift to show our appreciation of her hard work as President in 2009. "Thanks Judy!" Gifts were exchanged and appreciated.

Dick
