3rd Wed  
Challenge - "Value  
Studies and Landscape  
Composition with Bill  
Fulton"

*"Making a value study  
before starting to paint is  
important because it  
creates the major shapes  
of the composition and  
assigns a value (light,  
mid-tone, or dark) to  
each shape. Using  
examples, we'll create  
small value studies on  
drawing paper and learn  
the basic rules of  
landscape composition."*
